

## Bull Notes

Depressed energy prices are stoking worries that the recent raft of weak inflation numbers may be more than “transitory,” which, analysts say, could derail the Fed’s timetable for future interest-rate increases.

Much has been made about the death of stock picking, in the advent of exchange-traded and passive funds that track popular equity benchmarks. But The Wall Street Journal’s veteran columnist Jason Zweig offers an alternative reason for the challenges facing money managers whose aim it is to meticulously select winning investments.

It has been a rough stretch for Wall Street honcho Bill Ackman. The hedge-fund manager, who runs Pershing Square and boasts a net worth of \$1.4 billion, reportedly locked horns with former Vice President Joe Biden at a dinner in Las Vegas last month, according to Fox Business. and the New York Post.

Bed Bath & Beyond Inc. talked up the value of its more than 1,500 stores as an avenue for cutting advertising costs, but SunTrust Robinson Humphrey analysts think the lack of marketing spend might be hurting the brand with millennials.
